

Bulletin n.1

RULES

The competition rules will follow the same framework as the previous edition of the FAI e-Concept competition (E5Glide, France), which is directly based on the FAI SGP rules.

The rules will be published on SoaringSpot and the ACAO website.

ENTRIES

Please fill the **Entry Form** available on the E6Glide pages at:

<https://acao.it/attivita-sportiva/gare-eventi/e6glide/>

Entry Fee: € 350,00 to be paid by **April 15th** via bank transfer:

- **Bank name:** Banca Popolare di Sondrio
- **IBAN number:** IT70 R056 9650 2500 0002 0259 X74
- **Account holder:** Aero Club Adele Orsi A.S.D.

Please use the following reference for the payment: "Name and Surname, E6Glide Entry"

Towing fees: Participants in the E6Glide will be charged towing fees ranging from € 34 to € 85, depending on the release height.

REQUIREMENTS

Upon arrival, please visit the secretariat to settle the towing fees. You will also receive information about the designated trailer parking areas and the camping facilities.

The following documents are required (email copies sent in advance are highly appreciated):

Pilot

- SPL Licence and LAPL/ICAO Class 2 medical certificate, valid at least until July 6th
- FAI license valid for the current year

Sailplane

- ARC/PTF, valid at least until July 6th
- Third-party insurance, ICAO compliant, with a minimum coverage of € 1.500.000,00
- Radio station licence (aircraft)
- Flarm or any Flarm-compatible traffic awareness device (mandatory)
- ELT, PLB, Spot or other personal or aircraft tracking device (highly recommended)

We kindly ask all pilots to be capable of moving their gliders independently to the parking area after landing. Additionally, pilots must have a crew available for retrieves from outlandings.

Registration and competition markings must be displayed on the fin, wing dollies, tow bars and cars.

Two compact off-road vehicles are available for quick relocation of sailplanes immediately after landing. However, please be prepared for potential waiting times if there is a high demand for this service.

RACE AREA and AIRSPACE

The competition area spans from East to West along the Alpine arc and the foothill region.

Turn-point and airspace files, along with all relevant sporting and local rules, will be made available on the competition website as soon as possible. Notifications will be sent to all registered participants in due course.

INFRASTRUCTURE

Throughout the competition, pilots will have access to the following services:

- complimentary Wi-Fi covering the entire airport
- two PC workstations in the clubhouse
- the bar
- a special discount at the privately managed *Volo a Vela* restaurant, applicable to the prices listed on the menu

ACCOMODATION

The Aero Club Adele Orsi has arranged special rates with several hotels and B&Bs near the airport. For more information, please contact Daniela Miglierina at the ACAO secretariat:

Phone: +39 0332 310073
